For this work two transmissions with a gear transmission ratio of 600:1 were used as well as two W-12-N (www.supermagnete.de/eng/W-12-N) cube magnets and 1000 small steel spheres with a diameter of 3 mm.

Note from the supermagnete team:

pe lang published already another interesting art project on our website:

"Liquid Levitation Sculptures" (www.supermagnete.de/eng/project118)

On the artist's website you can find many more fascinating projects: www.pelang.ch
