

Application No. 420: Table "Multiple"

Author: Raphaël Charles, www.raphaelcharles.com, Brüssel, Belgium

Anything but an ordinary coffee table

The coffee table "Multiple" (38 cm tall) consists of elements made of massive beechwood that are connected with a magnet system (rod magnets from supermagnete). Thanks to this system, the table can take on infinite different shapes. You can even form various numbers or letter next to each other (see pictures below; © Raphaël Charles).

...

This table has been raved about:

Award: Intérieur design competition, design award
Vlaanderen (Courtrai/Kortrijk, Belgium)

Special mention: Salon Bois et Habitat (Namur, Belgium)

Special mention: Book "Belgium's best design"

What an honour: A table shaped like Belgium is now in the private collection of King Philippe of Belgium!
