

## Application No. 50: Heart puzzle on the fridge

Author: Stéphane Tourraine, Montrouge, France, [stephane.touraine@pictur.net](mailto:stephane.touraine@pictur.net)

### A truly heart-warming puzzle!

Stéphane from France uses our super magnets ([www.supermagnete.de/eng/magnets\\_overview\\_raw](http://www.supermagnete.de/eng/magnets_overview_raw)) for many small projects.

For instance, he needed the magnets to improve the functionality of his refrigerator.

With this cute heart puzzle on the refrigerator, he can visualise his daily mood.

He writes:

Glue a S-03-01-N ([www.supermagnete.de/eng/S-03-01-N](http://www.supermagnete.de/eng/S-03-01-N)) with a small drop of superglue to the backside of each of the 40 puzzle pieces and voila! In the blink of an eye, you've got a mini magnetic refrigerator puzzle!

This and other handmade wooden puzzles can be purchased at PMW ([puzzlemichelewilson.com/](http://puzzlemichelewilson.com/)). The very small puzzles can unfortunately only be purchased in a PMW-Shop but the large puzzles can be purchased online.

Cookies, cats and a heart: Sweet, aren't they?

This also works with other mini-puzzles or nearly any other object, actually! (The cat puzzle on the right has 54 pieces.)

Why not mount the cookie box directly at eye height? When the box is full, you'll need four S-05-08-N ([www.supermagnete.de/eng/S-05-08-N](http://www.supermagnete.de/eng/S-05-08-N)) to hang it.
